10.8 Academic Advisory Body

Today's rapidly changing society demands that the educational entities and the communities they serve, should work very closely. Welingkar believes in excellence in quality of education that is imparted, attempts to ensure that it is application oriented, futuristic and in sync with the industry requirements. As one of the step in the direction of making a meaningful change and transform the lives of its students, it practices the ongoing process of constitution of Academic and Advisory Boards and holding their Board Meetings.

While the Advisory boards provide valuable directions, guidance and support needed for a continual improvements, to chart a successful and niche Program, the Academic Board deliberate upon the 'curricula', 'teaching learning plan' to address the emerging needs and bridge the gap between the academia and the industry as also prepare students for latent and unmet needs of the industry.

The Boards are proactive bodies which help WeSchool to achieve its vision and actualize its mission and be a top choice Business School amongst the students and employers. The honorary board members guide, promote, advise and support WeSchool in its efforts to upgrade the students in knowledge and thought process and make difference in the communities they work and groom the students to be readily employable across the globe.

10.10 Student feedback mechanism on Institutional Governance/faculty performance :

For the faculty assessment the students give feedback on a scale of 1 to 10, individually for each subject / Faculty in a prescribed format. This formal feedback from students and feedback obtained through Open House Sessions with the Director is quantified to ascertain the improvement levels in every trimester / semester.

10.11 Grievance redressal mechanism for faculty, staff and students

A four member redressal committee is formed. The committee meets once in two months to address the suggestions / complaints received through different channels.

3. North-East Calling initiative

WeSchool has been taking small yet decisive steps to contribute in the national agenda of “Swacch Bharat”, “Smart Cities” and “Make in India” by involving faculty, students and various members of society.

In line with this philosophy, over the past few months, WeSchool has enthusiastically participated in supporting the initiative to create awareness about challenges being faced by the people of North-Eastern states of India. Further, in association with the Vivekananda Rock Memorial & Vivekananda Kendra, Kanyakumari WeSchool had come together for the " North-East Calling initiative".

A session was organised on 23rd January, 2016 , where **Shri Ajitji Doval, National Security Advisor, Government of India**, shared his thoughts on “National security issues in the North East Region and the responsibility of nationalist organizations”.

Under the guiding principle of ‘Each One - Teach One’ WeSchool will work closely work with one business school from the North Eastern states to share best practices.

10.18 Counseling / Mentoring - The process of mentoring has been introduced at Welingkar Institute, we may be the first B-School under the jurisdiction of Mumbai University to have mentoring. We have both Internal Mentors as well as External Mentors. Initially the information is collected from the students about their area of specialization. This information is then supplied by the Chief Mentor to the Deans of various faculties who with their respective departmental colleagues select and appoint suitable Mentors from Corporate world and pair them with Mentees. Most of the Mentors are experienced, well-balanced professionals and managers who are interested in guiding and directing the younger generation in the entire process of their Career and Personality development. The Mentees and the Mentors are informed about the Institute's expectation from them. The effect of mentoring is checked at mid-term appraisal form.

The process help the students to sharpen their skill and also to have inter-action with external faculty and management personnel in the corporate. This has resulted in final placement.
