What kind of Summer Internships do students get?

The summer internship is intended to be an intensive learning experience for the student. It gives the student an opportunity to assimilate his theoretical understanding of the general principles of management with a practical experience on the company shop floor.

Companies usually define the scope of the project based on their current requirements. Typically, the project has a quantifiable outcome that can be measured in the end. Student internships are generally defined for a period of 8 weeks during the months of May and June, when students break from their academic program.

International Summer Placements

Internationalization being a priority at Welingkar, wherein it is our vision to help our students gain exposure to the global businesses by virtue of exchange programs with international universities and internships through projects in international companies.

Till date, over 350 students from Welingkar have been for Global Internships, Study Tours & Participation in Summer Program

We facilitate such internships by Protsahan scholarship for Global Internships - Each year, Welingkar awards 1 student from each program with a scholarship to pursue a Global Internship, which is most sought after on campus.

International Languages - To facilitate the internship experience, Welingkar encourages students to learn the basics of several international languages. Welingkar currently offers the Japanese language to be taught to its students and are certain that this language expertise will stand the student in good stead during their summer internship program.

➤ **Selection Criteria**

What is the selection procedure for the PGDM, PGDM e-Business, PGDM Business Design, Post Graduate Program in Retail Management & PGDM Healthcare Management in Welingkar Institute?

The Selection Process comprises of the following:

The break up of marks for admissions to PGDM / PGDM e-Business / PGDM Business Design / Post Graduate Program in Retail Management / PGDM Healthcare Management is as follows-

Parameters	Max.Marks
Stage 1	
Written test (CAT/ XAT/ MH-CET/ CMAT/ ATMA)	140
Academic performance	15
Work experience	15
Total for stage 1	170
Stage 2 (only students short listed from Stage I will progress to Stage II)	
Extra curricular activities	10
Essay questions	20
Group discussion	50
Personal interview	100
Psychometric test & Creativity test	50
Total for stage 2	230
Grand Total	400

*** Only students short listed after Stage I will be called for Stage II of the selection process.**

In the event of the candidate submitting more than one score, the best of the submitted scores will be considered for evaluation.

We look for students from a broad range of backgrounds and with widely differing experiences. The result is a dynamic learning environment that challenges students to think in new ways about operating in today's complex global marketplace. We accept students based on a comprehensive review of their application and written test scores instead of minimum performance standards. Our focus is on-

Academic Potential: Sound Fundamentals

Personal Qualities: Are you passionate about your goals?

Leadership Qualities: Have you displayed any leadership qualities in the past?

Creative Skills: Are you flexible and innovative? Do you think "outside the box"?

Work Experience (If Any): To identify if you have distinguished yourself in whatever line of work you have pursued and if you have learned and grown from your experiences?

Extra Curricular activities: What are your achievements in the past?

A sum total of all these qualities are what we look for in a student wanting to pursue a **PGDM, PGDM e-Business, PGDM Business Design, Post Graduate Program in Retail Management, PGDM Healthcare Management** in detail. Hence a student with a high written test score doesn't guarantee a short listing as the student may be found lacking on other areas on which the Institute lays emphasis. Alternately students with a low written test may be short listed if they are academic performers / have exhibited leadership qualities / performed exceptionally well on areas of the Institute's focus. So while this process begins with the short listing of candidates from **CAT (2011) and/or XAT (2012) and/or MH-CET (2012) and/or CMAT (2012) and /or ATMA (2011-2012)** which we accept, there is no Cut Off score as we believe that the written test alone cannot be the sole deciding factor in the selection process. To test emotive aspects of leadership, decision making skills, ability to handle stress, team orientation, group dynamics to name a few, we have added Group Discussions and Interviews as a part of our selection process.

Is there any preference given to students with Work Experience or Engineers?

The weightage given to students based on their professional work-experience is 15 as mentioned.
