Each year, we enroll students who have unique combinations of high leadership potential, academic excellence, and individual experiences and perspectives. We focus on strong academic record, an innovative mindset, leadership abilities, a quest for excellence.

Because the PGDBM/ PGPeB/PGPMS/ PGDBM-Retail/PGPRM/PGPBD Program at Welingkar is rigorous and challenging, entering students must possess a solid academic foundation. We seek candidates with a sincere desire to engage intellectually in the classroom.

The candidates academic aptitude is judged from their academic record, work experience (if any) test scores, their influences, passions, values, interests, and aspirations through the answers submitted for the descriptive questions in the application form. These answers are very open-ended and there is no "right" response. This is a story about you, about your beliefs, about your passions. Write about something that is important to you -- not what you think is important to us -- and write it from your own perspective. It should be descriptive and told in a straightforward and sincere way.

**The break up of marks for admissions to PGDBM/PGPeB/PGDBM -Retail/PGPMS/PGPRM is as follows**

**In the event of the candidate submitting more than one score, the best of the submitted scores will be considered for evaluation.**

We look for students from a broad range of backgrounds and with widely differing experiences. The result is a dynamic learning environment that challenges students to think in new ways about operating in today's complex global marketplace.

We accept students based on a comprehensive review of their application and written test scores instead of minimum performance standards. Our focus is on

**Academic Potential:** Sound Fundamentals

**Personal Qualities:** Are you passionate about your goals?

**Leadership Qualities:** Have you displayed any leadership qualities in the past?

**Creative Skills:** Are you flexible and innovative? Do you think "outside the box"?

**Work Experience (If Any):** To identify if you have distinguished yourself in whatever line of work you have pursued and if you have learned and grown from your experiences?

**Extra Curricular activities:** What are your achievements in the past?

A sum total of all these qualities are what we look for in a student wanting to pursue a PGDBM, PGPeB, PGPMS, PGDBM-Retail, PGPRM, PGPBD program. Hence a student with a high written test score doesn't guarantee a short listing as the student may be found lacking on other areas on which the Institute lays emphasis. Alternately students with a low written test may be short listed if they are academic performers / have exhibited leadership qualities / performed exceptionally well on areas of the Institute's focus

So while this process begins with the short listing of candidates from **CAT (2006) / MH-CET (2007) and/or ATMA (2007)** which we accept, there is no Cut Off score as we believe that the written test alone cannot be the sole deciding factor in the selection process. To test emotive aspects of leadership, decision making skills, ability to handle stress, team orientation, group dynamics to name a few, we have added Group Discussions and Interviews as a part of our selection process.

**Is there any preference given to students with Work Experience or Engineers?**

The Weightage given to students based on their professional work-experience is 20 as mentioned. No special preference is given to Engineers.

**Are there any seats in the reservation category for PGDBM, PGPeB, PGPMS & PGDBM Retail, PGPRM (Pantaloon) and PGPBD?**

20% of total intake is through Management Quota as per govt. regulations.

(Attach a bio data and a photo copy of the score sheet)
