(RECOGNISED BY AICTE)

S. P. Mandali’s Prin. L. N. Welingkar Institute of Management Development & Research (PGDM)
WESCHOOL
MUMBAI

WeSchool Mumbai has a campus that is a hotbed of thriving new thoughts, ideas and enterprise. State-of-the-art facilities like complete wi-fi, Innovation and Leadership Labs form an integral part of teaching methodology along with other new age learning tools.

PROGRAM OFFERINGS

**PGDM** - 180 seats (started in 1994)
The PGDM program is a comprehensive business management course offering specializations in Finance, Marketing, HR and Operations.

**PGDM - E-Business** - 120 seats (started in 2007)
It is a techno-commercial program which is a fine blend of management and information technology addressing the needs of dynamic sectors like Consulting, IT, Banking, Insurance, FMCG and Financial Services.

**PGDM - Business Design** - 60 seats (started in 2008)
The program covers all aspects of Management and integrates concepts like innovation, creativity and design thinking into mainstream management system.

**PGDM - Healthcare** - 60 seats (started in 2011)
The program combines disciplines of Business Management and Healthcare. The learning process involves academic training in theory with practical application across different domains in Healthcare industry.

**PGDM - Rural Management** (Emerging Economies)
60 seats (started in 2012)
The major distinguishing feature of the program provides a dedicated practical exposure to work effectively in the emerging rural economies. The program focuses on wealth creation through development of sustainable business models in the rural space.

**PGDM - Retail Management**
60 seats (started in 2012)
The program provides a comprehensive view of the retail industry along with functional specializations across Marketing, Finance, HR and Operations.

**PGDM - Research & Business Analytics**
120 seats (started in 2016)
The program enables the student to learn how to make sense of the available dynamic data, information and knowledge. The Program transforms the student to become a versatile analyst & sense maker, a design thinker & innovator and a risk taker & leader.

**PGDM - Media & Entertainment**
60 seats (started in 2016)
The synergistic program is intense and stimulating. We inspire the learner to explore media from a content creation framework to content management. It aims to create a manager who is not only aware about the nuances of entertainment biz but also has a skill-set to lead businesses in advertising, digital media marketing and production.
The WeSchool campus situated in Bengaluru, the Silicon Valley of India is designed to nurture Design Thinking and Innovation. The campus layout has state-of-the-art facilities that facilitate the right environment for learning with the help of academically reputed faculty.

**PROGRAM OFFERINGS**

**PGDM - 60 seats (started in 2009)**
The program’s multi-disciplinary learning offers a fine blend of General Management and functional specialisations in Marketing, Finance, Human Resources, Business Analytics and Operations. It aims to nurture you as a competent future manager with leadership abilities and an innovative mindset with an exposure to real-life business scenarios.

**PGDM - Business Design & Innovation**
30 seats (started in 2010)
The program is a fine blend of management and design disciplines. The student is exposed to the basic theories of management (in broad areas of Finance, Marketing, HR and Operations), like principles of Marketing, Organisational Behaviour, Cost and Management Accounting, HR Management, Operations Research and Design subjects like tools for innovators, design in business, info-graphics, UX design and much more.

**PGDM - E-Business -120 seats (started in 2010)**
The PGDM E-Business program primarily aims at nurturing a class of managers and leaders who have a strong foundation in business along with knowledge and experience on a wide range of digital technologies. The major distinguishing feature of the two-year program is the unique pioneering curriculum which provides insights into digital convergence and specialisations in Marketing, Finance, Human Resources, Business Analytics and Operations.

**PGDM - Research and Business Analytics**
30 seats (started in 2020)
The program has been designed to provide a skill development journey from learning fundamentals and basic concepts of Analytics to data-driven strategic decision making across various business functions. It encompasses learning from fundamentals of Statistics & Probability to application of various Machine Learning algorithms in solving business problems. It exposes the learner to various data mining techniques; trains to build the story on data through data visualization; and equips the student with the knowledge of various analytics tools & language including R, Python, SPSS, Tableau, Power BI, JASP, BlueSky, Microsoft Excel, Knime to name a few.
