## ABOUT THE PROGRAM

Welingkar's Post Graduate Program in Entrepreneurship Management (PGP- Entrepreneurship Management) explores and analyzes best management, governance practices and family continuity challenges, including issues relating to first generation entrepreneurs. It's designed for those of you, who are looking at making an existing successful business even more competitive. And also for those who are keen on creating business turnarounds or starting new ventures besides their existing ones.

The Program structure is based on AAA (Acquisition, Application & Assimilation of Knowledge). The PGP Entrepreneurship Management Program consists of two Semesters spread over a period of 11 months. In every month, one week is devoted to Acquisition of Knowledge, three weeks to Application of Knowledge in one's own business and one day for Assimilation of Knowledge.

### HIGHLIGHTS OF THE PROGRAM

- This program has sessions for just one week every month so that business can go on as usual.
- The participants will be groomed to professionally manage and grow their business.
- Helping participants analyze their own company's financial statements and show opportunities for improvements.
- Showing participants how productivity of existing operations can be improved without requiring financial investment.
- Discovering inner strength of the business vis-a-vis the opportunities available in the economy & maximizing potential for growth, where the business attitude, methods & practices are studied & a new approach to business is developed.
- Global Outreach program - A Global outreach program is conducted annually to bring forth the global perspective to business. This consists of visits to world class companies in very advanced country, like Japan, which boasts of one of the highest quality and productivity cultures in the world.
