From the Group Director's Desk

India has been a major seat of learning for thousands of years. The country was home to both Takshashila, the first university in the world, and Aryabhata, the inventor of the digit 0.

Lately, India has undergone a paradigm shift owing to its competitive position in the world economy. The Indian economy is on a robust growth trajectory and boasts of a stable growth rate, rising foreign exchange reserves and booming capital markets among others.

Higher education in India has been a continuous facilitator of innovation, creativity and leadership to the global industry. Some of the world's leading companies are being headed by graduates of the Indian education system such as Satya Nadella, CEO, Microsoft, Sundar Pichai, CEO, Google Inc., Ajaypal Singh Banga, President World Bank Group, Rajeev Suri, Ex-CEO of Nokia, Indira Nooyi, Ex-CEO of Pepsi Co. to name a few.

We are fortunate to have key stakeholders, such as policymakers, diplomats, experts, industry professionals, members of the academia and our esteemed alumni in the industry, among others, championing the cause of education.

There has never been a better time for management students to start their careers in India. With the right skills and knowledge, you can take advantage of the many opportunities available and help drive the country's continued economic growth.

The vision of the NEP aims at building a global, high quality education system rooted in Indian ethos, thereby transforming India into a global knowledge superpower.

The Indian economy is growing at a robust pace and is poised to become one of the largest economies in the world. This growth has created a huge demand for skilled and knowledgeable management professionals who can help drive the country's continued economic development.

As a leading B-school, we have a crucial role to play in shaping the future of education and in preparing our students to become corporate leaders. We are committed to stay ahead of these changes and to providing our students with the skills and knowledge they need to succeed in a rapidly changing world.

Over the course of the program, your fellow students become trusted colleagues and, very often, lifelong friends. I invite you to embark on your path to academic and professional excellence at our sprawling campuses in Mumbai and Bengaluru which will truly enhance your intellectual and personal growth. Keeping design and innovation its core, WeSchool endeavors to provide newer avenues to students for achieving excellence in all spheres of life and nurture them to become Global Citizen Leaders.
